

Morning Coffee Chats

Start your morning chatting with some new friends in our Networking Lounge. Grab some coffee/tea/water and talk about what you're most looking forward to at LiveWorx 2020.

Lunch & Learn

Fill your stomach and your brain! There's a lot to learn from sessions and from your peers. Just like you would in person, feel free to invite someone to have lunch together and exchange information and strategies.

Refreshments and Refreshers

If you have a break in your busy day of LiveWorx learning, allocate a few minutes of free time to fuel up with a healthy snack and exciting conversation. Ask other attendees about what similar sessions you've attended or plan to later in the day!

Happy Hour

Cheers to another successful LiveWorx! You can host your very own happy hour and invite attendees that you've met throughout the day, or that you've wanted to meet and haven't gotten the chance to. Feel free to utilize this benefit to expand your inner business circle and learn about other industries to finish out the day.
